### Spring's Glad Days Never Come Too Soon.

The bright sunshine and balmy air smothes out the wrinkles of grim winter and makes the world akin. The good nature of mankind rises with the temperature, while at the same time the weight of a winter overcoat increases to almost a ton, and makes Spring Clothing a necessity. Comfort, Luxury, Fashion and Economy are all combined in our spring suits. No other Clothing is as jaunty as ours. We have the favorites.

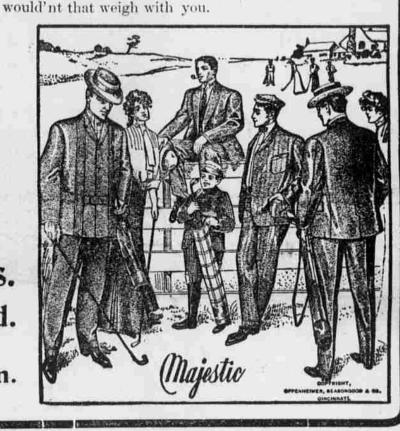

### We're So Far Ahead That We're Lonesome

Our business grows by pushing. Yes it seems as if we are responsible for all the clothing enterprise in this community. Its just like a game of solitaire; apparently nobody against us at all. Still this state of affairs does not rust our brain in the least.

If Joblotsky, Bankruptsky, Fake & Co. were to do a lot of impossible things in way of "bargains," you would not believe them, because you do not know them, or BECAUSE YOU DO. But on the other hand, if a well known and long established house gave you assurance of the stable qualities of their goods,
